

Amazon Creek Priority Planning Area

Potential Enhancements Overview Map

DRAFT - June 2007

Legend

- Amazon Creek Planning Area (watershed boundary)
- Waterway or Pond
- Public or Land Trust Property (park or open space)
- School Property
- Urban Growth Boundary

Enhancements Key

- Specific Enhancement Alternatives (see detailed plan)
- Waterway Reach (detailed plans on following pages)
- General Waterway Enhancement*
- Potential High Flow By-pass Pipe
- Major floodplain Restoration Opportunity

* *General Waterway Enhancements* would include:
Controlling exotic vegetation; planting native riparian vegetation for shading, filtration, and habitat; installing features for increasing dissolved oxygen levels; removing obstruction to fish, reptile, amphibian migration.

Note: Proposed waterway enhancements depicted on this map and the detailed enhancement alternatives (following pages) for property that is currently in private ownership are subject to cooperation from property owners or acquisition from willing sellers.
